AN ACT

TO PROVIDE FOR THE PAYMENT OF THE EXPENSES OF THE EXECUTIVE, LEGISLATIVE, AND JUDICIAL DEPARTMENTS OF THE STATE OF COLORADO, AND OF ITS AGENCIES AND INSTITUTIONS, FOR AND DURING THE FISCAL YEAR BEGINNING JULY 1, 1997, EXCEPT AS OTHERWISE NOTED.

Be it enacted by the General Assembly of the State of Colorado:

SECTION 1. Definitions - general provisions. As used in this act, the following definitions and general provisions shall apply:

(1) (a) "Capital outlay" means:

(I) Equipment, meaning motor trucks designated over three-quarters of one ton, tractors, trailers, snowmobiles, boats, machinery, reference books, office furniture, file cabinets, typewriters, adding and calculating machines, and other business machines, having a useful lifetime of one year or more, or other items, including, but not limited to, tools, implements, and instruments, which may be used continuously without material change in physical condition, costing more than one hundred dollars and less than fifty thousand dollars;

(II) Alterations and replacements, meaning major and extensive repair, remodeling, or alteration of buildings, the replacement thereof, or the replacement and renewal of the plumbing, wiring, heating, and air conditioning systems therein, costing less than fifteen thousand dollars;

Capital letters indicate new material added to existing statutes; dashes through words indicate deletions from existing statutes and such material not part of act.

(III) New structures, meaning the construction of entirely new buildings where the cost will be less than fifteen thousand dollars, including the value of materials and labor, either state-supplied or supplied by contract;

(IV) Nonstructural improvements to land, meaning the grading, leveling, drainage, and landscaping thereof and the construction of roadways, fences, ditches, and sanitary and storm sewers, where the cost will be less than five thousand dollars.

(b) "Capital outlay" does not include those things defined as capital construction by section 24-75-301, Colorado Revised Statutes.

(2) "Centralized appropriation" means the appropriation of funds to a department's executive director's office or central administrative program intended for subsequent allocation and expenditure at and among a department's divisions, programs, agencies, or long bill groups in order to reflect the amount of such resources actually used in each program or division. Such centralized appropriations may include salary survey, anniversary increases, shift differential, group health and life insurance, capital outlay, ADP capital outlay, legal services, purchase of services from computer center, vehicle lease payments, leased space, lease purchase, payment to risk management and property funds, short-term disability insurance, utilities, administrative law judge services, and centralized ADP. As provided in subsection (10) of this section, capital outlay is included within the appropriation for "operating expenses". Capital outlay may be reallocated to divisions or programs within the department solely for capital outlay expenditure.

~~(3) "FTE", except for certain positions in higher education, means the budgetary equivalent of one position continuously filled full time for the entire fiscal year, and the total FTE positions may comprise any combination of part-time positions or full-time positions provided the maximum FTE position limitation is not exceeded. "FTE", when applied to higher education professional personnel and assistants in resident instruction and professional personnel in organized research and activities relating to instruction, means the equivalent of one position continuously filled for a nine-month or ten-month academic year. The maximum limitation on the number of FTE which shall be allowed for the fiscal year to which this act pertains is indicated by a number in parentheses following the appropriate line items or subtotals or under the figures in the "appropriation from" columns where the maximums for FTE are limited for each fund source. The FTE limitation so indicated is the maximum number of FTE positions which may be established at any time without additional legislative approval. Actions taken by the state personnel board, the state department of personnel, and agency management and budgetary constraints may result in the utilization of an FTE level less than the specified maximum. When a full-time position is created for less than one year, the department, agency, or institution shall indicate the termination date of the position, and the total time period between the date designated for filling the position and termination shall be counted and applied against the total FTE position limitation.~~

(Governor lined through this provision. See the editor's note and the Governor's letter following this act.)

(4) "Health, life, and dental" means the state contribution to employee health, life, and dental insurance pursuant to section 24-50-609, Colorado Revised Statutes. No

funds appropriated for health, life, and dental shall be expended for any other purpose.

(5) "Indirect cost recoveries" means reimbursements made to an agency of the state from federal funds, other nonstate funds, cash funds, or cash funds exempt for the indirect expenses which have been incurred by the state in operating such programs. These recoveries are made by the departments using the approved indirect cost rate, as required by the state fiscal rules.

(6) "Lease purchase" means the use and acquisition of equipment under an agreement to purchase, pursuant to which payments are made for a period of longer than one year and are subject to annual appropriation. "Lease purchase" may also include payments made under the agreement for the maintenance of the equipment. No funds shall be expended for lease purchases except those specifically appropriated for such purpose. The provisions of this subsection (6) shall not apply to the board of regents of the university of Colorado; the state board of agriculture; the board of trustees of the Colorado school of mines; the board of trustees of the university of northern Colorado; the trustees of the state colleges in Colorado; the state board for community colleges and occupational education (except for administration and the division of occupational education); the board for the Auraria higher education center; the state historical society; the Colorado council on the arts; the Colorado advanced technology institute; the division of wildlife; the water conservation board; the county departments of social services; the Colorado financial reporting system project; and the low income energy assistance block grant.

(7) "Leased space" means the use and acquisition of office facilities and office and parking space pursuant to a rental agreement. No funds shall be expended for leased space except pursuant to a specific appropriation for such purpose. The provisions of this subsection (7) shall not apply to the board of regents of the university of Colorado; the state board of agriculture; the board of trustees of the Colorado school of mines; the board of trustees of the university of northern Colorado; the trustees of the state colleges in Colorado; the state board for community colleges and occupational education (except for administration and the division of occupational education); the board for the Auraria higher education center; the state historical society; the Colorado council on the arts; the Colorado advanced technology institute; the division of wildlife; the water conservation board; the county departments of social services; the Colorado financial reporting system project; and the low income energy assistance block grant.

~~(8) "Legal services" means the purchase of legal services from the department of law; however, up to ten percent of the amount appropriated for legal services may instead be expended for operating expenses, contractual services, and tuition for employee training. No funds shall be expended for legal services except those specifically appropriated for such purpose. The provision of this subsection (8) shall not apply to the departments of education, higher education, transportation, and the risk management fund in the department of personnel.~~

(Governor lined through this provision. See the editor's note and the Governor's letter following this act.)

(9) "Motor vehicle" means a motor truck designated three-quarters of one ton or less, automobile, or other self-propelled vehicle costing less than fifty thousand dollars.

(10) "Operating expenses" means:

(a) Supplies and materials, meaning products which by their nature are consumable and which have a useful lifetime of less than one year or which, after usage, undergo an impairment of, or a material change in, physical condition or which cost less than one hundred dollars;

(b) Current charges, meaning charges for rental of property and equipment, insurance premiums, dues, subscriptions, and other fixed charges; except that no funds appropriated for operating expenses may be expended for vehicle lease payments, leased space, or lease purchase;

(c) Capital outlay, as defined in subsection (1) of this section.

(d) The cost of travel by common carrier or by state-owned or privately owned conveyance and the costs of meals and lodging incident to such travel.

(11) "Personal services" means:

(a) All salaries and wages, whether to full-time, part-time, or temporary employees of the state, and also includes the state's contribution to the public employees' retirement fund. Payments for overtime shall be in compliance with rules and procedures adopted by the state personnel director pursuant to section 24-50-143, Colorado Revised Statutes.

(b) Contractual services, meaning services rendered or performed by firms or individuals other than for employment compensation as an employee of the state. Payments for contractual services shall be in compliance with section 24-30-202 (2) and (3), Colorado Revised Statutes.

(c) Tuition for employee training or attendance at seminars, conferences, or workshops which are approved by personnel system regulations.

(d) Payments for unemployment insurance as required by the department of labor and employment.

(12) "Purchase of services from computer center" means the purchase of automated data processing services from the general government computer center; however, up to twenty percent of the amount appropriated for purchase of services from the computer center may instead be expended for operating expenses.

(13) "Short-term disability" means the state contribution for employee short-term disability pursuant to section 24-50-603, Colorado Revised Statutes. No funds appropriated for short-term disability shall be expended for any other purpose.

(14) "Utilities" means water, sewer service, electricity, payments to energy service companies, purchase of energy conservation equipment, and all heating fuels.

~~(15) "Vehicle lease payments" means the annual payments to the department of personnel for the cost of administration, repayment of a loan from the state treasury, and lease-purchase payments for new and replacement vehicles. No funds shall be expended for vehicle lease payments except those specifically appropriated for such purposes. The provisions of this subsection (15) shall not apply to the departments of education, higher education and transportation.~~

(Governor lined through this provision. See the editor's note and the Governor's letter following this act.)

~~(16) Where no purpose is specified or where a special program is specified, the appropriation shall be for contractual services, tuition, and operating expenses and; only if the appropriation includes a specified FTE limitation, for personal services other than contractual services. However, the requirement that such appropriation include a specified FTE limitation in order to be expended for noncontractual personal services shall not apply to appropriations made to the office of the governor; the office of the lieutenant governor for administration of the office; the board of regents of the university of Colorado; the state board of agriculture; the board of trustees of the Colorado school of mines; the board of trustees of the university of northern Colorado; the trustees of the state colleges in Colorado; the state board for community colleges and occupational education (except those made for administration and for the division of occupational education); the Auraria higher education center for administration; the Colorado advanced technology institute; and the department of education for administration.~~

(Governor lined through this provision. See the editor's note and the Governor's letter following this act.)

(17) Expenditures of funds appropriated for the purchase of goods and services shall be in accord with section 17-24-111, Colorado Revised Statutes, which requires institutions, agencies, and departments to purchase such goods and services as are produced by the division of correctional industries from said division.

~~(18) When it is not feasible, due to the format of this act, to set forth fully in the line item description the purpose of an item of appropriation or a condition or limitation on the item of appropriation, the footnotes at the end of each section of this act refer to provisions which set forth such purposes, conditions, or limitations, and such provisions are therefore intended to be binding portions of the items of appropriation to which they relate. In other cases, where clearly expressed, footnotes refer to statements which are not intended by the general assembly to be binding portions of appropriations but which are related to the indicated item or items of appropriation. Such nonbinding statements include explanations of the assumptions used in making appropriations, the general assembly's intent with respect to future~~

~~appropriations, and requests on the part of the general assembly for particular administrative action in connection with items of appropriation.~~

(Governor lined through this provision. See the editor's note and the Governor's letter following this act.)

(19) For purposes of complying with the provisions of section 20 (5) of article X in the state constitution, the balance of funds in the controlled maintenance trust fund, created in section 24-75-302.5(2) Colorado Revised Statutes, is hereby designated to constitute the state emergency reserve for the 1997-98 fiscal year.

SECTION 2. Appropriation. (1) The sums in this section hereinafter specified, or so much thereof as may be necessary for the purpose, are hereby appropriated out of any moneys in the general fund, the indicated cash funds, and federal funds, for the payment of the ordinary operating costs of the executive, legislative, and judicial departments of the state, and of its agencies and institutions, for and during the fiscal year beginning July 1, 1997, and:

(a) The figures in the column headed "item & subtotal" are the amounts made available by appropriation for expenditure within each line item, except for the figure beneath the line, which is the subtotal of the figures preceding. The figures in the "total" column are the amounts made available by appropriation for expenditure by the department, division, institution, or program to which the totals relate.

(b) The figures in the "general fund", "general fund exempt", "cash funds", "cash funds exempt", and "federal funds" columns indicate the source of funds for the amounts authorized in the expenditure columns. The figures in the "general fund exempt" and "cash funds exempt" columns are amounts not included in the term "fiscal year spending" as such term is defined in section 20 (2) (e) of article X of the state constitution.

(c) The figures in the "general fund" and "general fund exempt" columns indicate the maximum amount that may be expended from the general fund for the purposes shown.

(d) Where the letter "(M)" appears directly to the right of the general fund or general fund exempt figure, that general fund or general fund exempt appropriation, when combined with the related general fund or general fund exempt transfers from the centralized appropriations to the office of the executive director, is used to support a federally supported program and is the maximum amount of general fund or general fund exempt moneys that may be expended in that program, except where otherwise provided. In the event that additional federal funds are available for the program, the combined general fund or general fund exempt amount noted as "(M)" shall be reduced by the amount of federal funds earned or received in excess of the figure shown in the "federal funds" column for that program. In the event that the federal funds earned or received are less than the amount shown in the "federal funds"

column, the combined general fund or general fund exempt amount noted as "(M)" shall be reduced proportionately. Where general fund or general fund exempt support is required as a condition for the acceptance of federal funds and the state matching requirements are reduced, the combined general fund or general fund exempt amount noted as "(M)" shall be reduced proportionately. These provisions shall apply only to the general fund or general fund exempt amount which remains unexpended at the time of the change in federal requirements or funding. It is intended that the general fund or general fund exempt amount and the federal funds amount shall be expended in equally proportioned amounts throughout the year.

(e) (I) The figures in the "cash funds" or "cash funds exempt" columns, including the figures in any related lettered notes, indicate all non-general fund and non-general fund exempt sources and all nondirect federal fund sources and may be cash funds established by statute, nonstatutory cash accounts, tuitions, overhead reimbursements, certain fees, governmental and nongovernmental "third-party" payments, payments for services, and interagency transfers. Such figures indicate the maximum amount that may be expended from cash funds or the specified cash fund sources for the purposes shown. The amount of each cash funds or cash funds exempt appropriation is expressly declared to be nonseverable from the agency, source, and purpose of such appropriation, and such amount shall not be used for any other agency, source, or purpose.

(II) The provisions of this paragraph (e) shall not apply where this act specifically provides otherwise or where a cash funds or cash funds exempt amount is marked with an "(L)". The "(L)" designation refers to the funds of local governments or to the funds of service organizations from which the state purchases services, the amounts of which are not appropriated in this act and the inclusion of which is informational only.

(III) Whenever a state agency receives cash funds or exempt cash funds from a centralized appropriation made to the office of the executive director of such agency's department and this act does not set forth such funds as a duplicate appropriation to said receiving agency, the provisions of this paragraph (e) shall not apply to the receipt of such funds.

(IV) Whenever the controller creates an account solely for the purpose of establishing the obligation of a state agency to generate cash funds or exempt cash funds for distribution to another state agency to which such funds are appropriated by this act, the provisions of this paragraph (e) shall not apply to the account created or to such distribution.

(f) Where the letter "(H)" appears directly to the right of a cash funds or cash funds exempt figure, that appropriation, when combined with the related cash funds or cash funds exempt transfers from the centralized appropriations to the office of the executive director, is used to support a federally supported program and is the maximum amount of cash funds or cash funds exempt moneys that may be expended in that program, except where otherwise provided. In the event that additional federal funds are available for the program, the combined cash funds or cash funds exempt amount noted as "(H)" shall be reduced by the amount of federal funds earned or received in excess of the figure shown in the "federal funds" column for that program. In the event that the federal funds earned or received are less than the amount shown

in the "federal funds" column, the combined cash funds or cash funds exempt amount noted as "(H)" shall be reduced proportionately. Where cash funds or cash funds exempt support is required as a condition for the acceptance of federal funds and the state matching requirements are reduced, the combined cash funds or cash funds exempt amount noted as "(H)" shall be reduced proportionately. These provisions shall apply only to the cash funds or cash funds exempt amount which remains unexpended at the time of the change in federal requirements or funding. It is intended that the cash funds or cash funds exempt amount and the federal funds amount shall be expended in equally proportioned amounts throughout the year.

(g) Where a "(T)" appears directly to the right of a cash funds exempt figure, that figure is a transfer of funds anticipated to be made from one state agency to another and may be a combination of various funding sources. A "(T)" is a duplicated appropriation, appearing both in the distributing agency's appropriation where the funding details are indicated and in the receiving agency's appropriation where the amount transferred is categorized as a cash funds exempt receipt.

(h) (I) The figures in the "federal funds" column earned or received under the following federal programs which are subject to a state match or which are subject to transfer to other block grants shall be limits on the amount of expenditures of such funds, and such funds shall be expended in accordance with applicable state and federal statutes, including all provisions of this act:

Social Services (Title XX) Block Grant
Preventive Health Block Grant
Maternal and Child Health Block Grant

(II) The figures in the "federal funds" column for all other programs are anticipated federal funds, and, although these funds are not appropriated in this act, they are noted for the purpose of indicating the assumption used relative to those funds in developing the basic appropriations amounts.

(i) The general assembly accepts no obligation directly or indirectly for support or continuation of non-state-funded programs or grants where no direct or indirect state contribution is required. Furthermore, the general assembly accepts no obligation for costs incurred by or claimed against nonappropriated federally funded programs.

(j) No moneys appropriated by this act shall knowingly be paid to any organization, business firm, person, agency, or club which places restrictions on employment or membership based on sex, race, age, marital status, creed, color, religion, national origin, ancestry, or physical handicap.

(k) Pursuant to section 24-30-202 (2), Colorado Revised Statutes, the controller shall examine all state contracts entered into during the fiscal year commencing July 1, 1997, to determine whether such contracts are authorized by an appropriation within this act, and, pursuant to section 24-30-202 (3), Colorado Revised Statutes,

no agency shall incur obligations by contract in excess of the amounts appropriated by this act.

- 53 Department of Higher Education, Colorado Commission on Higher Education, Administration -- Each institution is requested to examine the percentage change in the number of nonteaching FTE between FY 1993-94 and FY 1995-96. If this increase is in excess of the percentage increase in enrollment, the Joint Budget Committee requests the institution provide a detailed explanation of the type of nonteaching FTE hired by the institution. The spending authority for this line item shall be in addition to the funds appropriated directly to the Governing Boards. The Colorado Commission on Higher Education shall not authorize transfers for spending authority from this line item to support tuition or fee increases.
- 58 Department of Higher Education, Colorado Commission on Higher Education, Financial Aid, Work Study -- It is the intent of the General Assembly to allow the Colorado Commission on Higher Education to roll forward 2 percent of the Work Study appropriation to the next fiscal year.
- 59 Department of Higher Education, Trustees of the State Colleges in Colorado; State Board of Agriculture; Regents of the University of Colorado; Trustees of the Colorado School of Mines; University of Northern

Colorado; State Board for Community Colleges and Occupational Education; State System Community Colleges -- It is the intent of the General Assembly that the average resident tuition rates by Governing Board be raised up to 1.5 percent and the average nonresident tuition rates by Governing Board be raised up to 3.5 percent. These rates are used in order to increase spending authority for program enhancements and this is not an attempt by the General Assembly to set tuition policy. Each Governing Board will give consideration to establishing equity of tuition increases among the campuses under the Governing Board's jurisdiction. In addition to the tuition increases outlined above, the General Assembly has approved an additional \$197,854 in tuition spending authority for the following programs at the University of Colorado Health Sciences Center: Masters in Public Health; Graduate Program in Genetic Counseling; Child Health Associate/Physician Assistant Program; Bachelor of Science in Pharmacy Program; and Doctor of Pharmacy. University Agricultural Experiment Station, Cooperative Extension Service, and the State Forest Service have been combined with the State Board of Agriculture line item. It is the intent of the General Assembly that funding for these agencies will be through the State Board of Agriculture for the fiscal years 1997-98 and 1998-99. The General Assembly requests that the State Board of Agriculture report to the Joint Budget Committee by November 1 of each year regarding the efficiencies and other benefits of the combined budget format. The General Assembly may reevaluate the budget structure for FY 1998-99.

- 61 Department of Higher Education, State Board of Agriculture; and Legislative Department, General Assembly -- The General Assembly requests that the State Auditor conduct a performance audit of the alliance between the University of Southern Colorado and Pueblo School District 60. This audit should examine the costs and benefits of the alliance, describe the revenues saved as a result of the alliance, determine whether the alliance should be continued, and recommend whether this type of alliance should be replicated with other institutions of higher education and public school districts.
- 62 Department of Higher Education, Regents of the University of Colorado, Health Sciences Center, Colorado Child Health Plan, Administration -- It is the intent of the General Assembly that the Colorado Child Health Plan make efforts to reduce its administration and FTE costs. The General Fund appropriation for FY 1997-98 is drawn from savings achieved from a one percent state-wide operating expenses reduction made in FY 1996-97. In making this General Fund appropriation, however, the General Assembly in no way assures continuing

funding; therefore, the program should look to other sources of revenue to support the program. The Colorado Child Health Plan is requested to provide to the Joint Budget Committee by no later than October 15, 1997, its plan for utilizing other sources of revenue to support the on-going needs of the program and its suggestions for how to lower administrative overhead expenses associated with the operation of the current program.

- 63 Department of Higher Education, State Historical Society; and Judicial Department, Courts Administration, Judicial/Heritage Complex -- It is the intent of the General Assembly that any requests for increased funding for the Judicial Heritage Complex should include an appropriate level of cash funds, federal funds, or both, from sources available to the Colorado Historical Society. In addition, any requests which are related, in whole or in part, to the Historical Society should be listed among the decision item priorities in the Historical Society's annual budget request.
- 64 Department of Higher Education, State Historical Society, Administration, Administration and General -- The State Historical Society should continue to update the Joint Budget Committee on its progress to reduce General Fund support. The Society is requested to provide this update in a report submitted with the Society's FY 1998-99 budget request.

The Judicial Department is requested to provide an update on collections performance each year in connection with its annual budget request.
- 109 Judicial Department, Courts Administration, Integrated Information Services -- The Judicial Department is directed to submit a zero-based budget request for the Integrated Information Services Division to the Joint Budget Committee by November 1, 1997. It is the intent of the General Assembly that any increase in funding beyond the FY 1997-98 appropriation is contingent upon submission of the zero-based budget request. In conjunction with this submission, the Judicial Department is directed to cooperate with the Information Management Commission in the development and review of an information management annual plan.

- 110 Judicial Department, Trial Courts -- It is the intent of the General Assembly that additional funding provided for magistrates and for dependency and neglect pilot projects be utilized to expedite case processing in the affected judicial districts. The Judicial Department is encouraged to concentrate on ensuring expedited processing of juvenile cases. In addition, the Department should develop best practice standards which ensure expedited processing for juvenile cases and other case types, as appropriate. The Department is requested to report on progress in achieving these goals in connection with its annual budget request.
- 111 Judicial Department, Probation and Related Services -- The Judicial Department is requested to provide by November 1 of each year a report on pre- and post-release recidivism rates among offenders in all segments of the probation population, including adult and juvenile intensive supervision, adult and juvenile minimum, medium and maximum supervision, the female offender program, and the specialized drug offender program.
- 112 Judicial Department, Probation and Related Services -- The Judicial Department is requested to submit its FY 1998-99 budget request for the Probation Division in a format which explicitly identifies personal services and operating expenses associated with each of the following programs: regular adult supervision; regular juvenile supervision; adult intensive supervision; juvenile intensive supervision; the female offender program; and drug offender assessments.
- 113 Judicial Department, Public Defender -- In addition to the transfer authority provided in Section 24-75-110, C.R.S., up to 2.5 percent of the total Public Defender appropriation may be transferred between line items in the Public Defender's Office.
- 114 Judicial Department, Public Defender -- The Public Defender is requested to provide a report to the General Assembly on both the dollars and the FTE utilized by the office in death penalty cases during the most recently completed fiscal year. This report should be submitted as part of the Public Defender's annual budget request.
- 115 Judicial Department, Public Defender -- The Public Defender is requested to implement a procedure to utilize

available credit reporting data and/or other data bases for determining an applicant's eligibility for Public Defender services. The Public Defender is requested to report on the implementation of this process as part of its annual budget request.

116 Judicial Department, Alternate Defense Counsel -- In addition to the transfer authority provided in Section 24-75-110, C.R.S., up to 1.5 percent of the total Alternate Defense Counsel appropriation may be transferred between budgetary line items in the Alternate Defense Counsel's Office.

117 ~~Judicial Department, Alternate Defense Counsel, Conflict of Interest Contracts -- Included in the appropriation for this line item is approximately \$1.9 million which represents a contingency reserve accumulated from previous appropriations. It is the intent of the General Assembly that the appropriation for this line item will be reduced, during the FY 1997-98 supplemental appropriation process, to a level sufficient to provide a reserve for one month's accrued liabilities.~~

(Governor lined through this provision. See the editor's note and the Governor's letter following this act.)

118 Judicial Department, Totals -- The Judicial Department is requested to provide, by February 1 of each fiscal year, a report to the Joint Budget Committee on any proposed fee increases in any program or division funded from an appropriation to the Judicial Department.

(Governor lined through this provision. See the editor's note and the Governor's letter following this act.)

39 Department of Health Care Policy and Financing, Medical Programs, Administration; and Department of Law, Special Purpose, Medicaid Fraud Grant -- It is the intent of the General Assembly that all efforts be made to reduce the amount of fraudulent activity occurring within the state Medicaid program. To this end, the General Assembly requests that the departments cooperate to produce a report on Medicaid fraud, including: (1) estimates on the total amount of fraudulent activity; (2) information on which areas within Medicaid are particularly vulnerable to fraud, both fiscal and programmatic; (3) what new and existing efforts are being made by each department to remedy the problem of Medicaid fraud; and (4) recommendations on ways to prevent and catch fraudulent Medicaid claims, such as data systems or investigatory tools. The departments are requested to submit the report to the Joint Budget Committee by November 1, 1997.

122 Department of Law, General Enforcement and Appellate Sections and Special Purpose, Collection Agency Board -- The General Assembly anticipates that, as a result of funds appropriated in FY 1995-96 for an automated phone system or answering service, the Consumer Protection Unit of the General Enforcement and Appellate Sections and the Collection Agency Board will be able to demonstrate a decrease in the average time to respond to complaints and an increase in the number of enforcement actions.

- 123 Department of Law, General Enforcement and Appellate Sections, Capital Crimes Prosecution Unit -- The Department is requested to report to the General Assembly, no later than October 15, 1997, on both the dollars and the FTE utilized by the district attorneys in prosecuting death penalty cases in FY 1996-97. In addition, the Department is requested to report no later than October 15, 1997, on the dollars and FTE utilized within the Department in assisting district attorneys in such death penalty cases in FY 1996-97.
- 124 Department of Law, Legal Services to State Agencies -- Funds received by the Department for the provision of legal services shall be expended only if appropriated by the General Assembly.
- 125 Department of Law, Legal Services to State Agencies -- In making this appropriation, it is the intent of the General Assembly that hourly billing rates charged by the Department for legal services to state agencies not exceed \$49.78 per hour for attorneys and \$39.09 per hour for paralegals, for an average rate of \$48.00.
- 126 Department of Law, Special Purpose, Medicaid Fraud Grant -- If the dollar value of actual General Fund recoveries received by the Department by the end of FY 1996-97 is less than the anticipated amount of \$275,000, the FY 1997-98 appropriation for the Medicaid Fraud Unit will be reviewed by the Joint Budget Committee.
- 127 Department of Law, Special Purpose, Comprehensive Environmental Response, Compensation and Liability Act Contracts; Department of Natural Resources, Executive Director's Office, Comprehensive Environmental Response, Compensation and Liability Act; and Department of Public Health and Environment, Hazardous Materials and Waste Management Division, Contaminated Site Cleanups -- The departments are requested to cooperate in the preparation of a report detailing each department's expenditures for CERCLA contracts. The report should include a case-by-case itemization of actual, estimated, and requested funding for personal services, contract services, operating expenses, and other costs. The report should be prepared annually and should be submitted with each department's budget request.
- 127a Department of Law, Special Purpose, Litigation Management Fund -- It is the intent of the General Assembly

to grant the Department additional management flexibility by allowing the Department to use funds appropriated in this line item to address unanticipated state legal needs and priorities which materialize in the fiscal year, by mutual agreement of the Attorney General and the Governor. It is also the intent of the General Assembly that the Department will not require an appropriation of additional FTE as a result of this appropriation. - 171 Department of Revenue, Executive Director's Office -- It is the intent of the General Assembly that the Department of Revenue submit a report to the Joint Budget Committee by November 1, 1997, detailing vacancy savings and POTS being utilized to provide funding in the Reinvestment Reserve.
- 172 Department of Revenue, All Sections -- The Department's line item appropriations have been based upon and are subject to the Memorandum of Understanding between the Department of Revenue and the Joint Budget Committee of the General Assembly, which memorandum was signed by the Executive Director of the Department and the Chairman of the Joint Budget Committee. The Memorandum of Understanding is on file at the office of the Joint Budget Committee. The intent of the Memorandum is to make the Department more cost-effective through new and continued line item consolidation in order to maximize productivity by using existing and reduced staff and funding levels to prioritize assignments and responsibly perform

statutorily required functions. The Department will maintain accounting records which will delineate actual expenditures for the consolidated line items based on the FY 1988-89 appropriation line items.

- 172a Department of Revenue, Taxpayers Service Division -- The General Assembly and the Department of Revenue recognize that there is a need to improve taxpayer telephone service delivery. To this end the Department of Revenue will reallocate an equivalent of 5.0 FTE to improve telephone service delivery during FY 1997-98 and especially during income tax season in calendar year 1998. The Taxpayer Service Division has 3.0 FTE not funded through its vacancy savings rate and an additional 1.4 FTE held vacant to fund other operating costs. Through internal reallocation of resources in FY 97-98, the Department will fully fill all of these authorized FTE and will utilize temporary and contractual services to maximize telephone service delivery during peak workload periods. This reallocation will not diminish current service levels in other areas of the Taxpayer Service Division. The Department of Revenue will report its reallocation plan to the Joint Budget Committee by November 1, 1997. In addition, the Department of Revenue will submit a report to the Joint Budget Committee by November 1, 1997 outlining long-term recommendations to achieve optimum levels of telephone service delivery. The report will address the issues of number of trunk lines carrying incoming traffic, number of additional agents needed, estimated queue wait times, and system configuration.
- 172b Department of Revenue, Division of Racing Events, Program Costs -- The travel expense and dues appropriation line items allocated to the Colorado Racing Commission within the Division of Racing Events has been reduced by \$19,080.
- 173 Department of Revenue, Executive Director's Office, System Design -- It is the intent of the General Assembly that the Department utilize contract labor and that no new FTE be hired for this project.
- 174 Department of Revenue, Information Technology Division -- It is the intent of the General Assembly that the Department submit a decision item to the Joint Budget Committee when an appropriation request reflects a 5% increase from the prior year's base appropriation for purchases of services from Computer Center-Pueblo and purchases of services from Computer Center-GGCC.

SECTION 3. Capital construction appropriation. (1) (a) The sums in this section, or so much thereof as may be necessary for the purposes specified, are hereby appropriated out of any funds accrued or accruing to the capital construction fund not otherwise appropriated and out of the cash funds and federal funds specified for construction projects at the respective institutions and agencies enumerated in this section. Except as otherwise provided in particular line items of appropriation, the appropriations made in this section shall become available upon passage and approval of this act and, if any appropriated project is initiated within the fiscal year, the appropriation therefor shall remain available until completion of the project or for a period of three years, whichever comes first, at which time unexpended and unencumbered balances shall revert to the funds from which they were appropriated.

(b) For purposes of section 20 of article X of the state constitution and pursuant to section 24-75-302 (1) (b), Colorado Revised Statutes, the unrestricted year-end balance of the capital construction fund for the 1991-92 fiscal year shall constitute a reserve. Consequently, any moneys credited to the capital construction fund constitutes a reserve increase and therefore constitutes state fiscal year spending, as defined in section 24-77-102 (17) (a), Colorado Revised Statutes, and any moneys transferred or expended from the capital construction fund constitutes a reserve transfer or expenditure which is excluded from state fiscal year spending, as defined in section 24-77-102 (17) (b), Colorado Revised Statutes.

(c) Moneys appropriated in this section from the capital construction fund include the sum of twenty-nine million eight hundred fourteen thousand seven hundred eighty-one dollars (\$29,814,781), which sum represents the portion of net lottery proceeds distributed quarterly to the capital construction fund during the 1997-98 fiscal year for payment of debt service in accordance with section 3 (1) (a) (II) and section 3 (1) (c) of article XXVII of the state constitution, and which sum constitutes state fiscal year spending as defined in section 24-77-102 (17) (a), Colorado Revised Statutes.

(d) Moneys appropriated in this section from the capital construction fund include the sum of fifty million dollars (\$50,000,000) transferred from the general fund to the capital construction fund pursuant to section 24-75-302, Colorado Revised

Statutes, which sum constitutes state fiscal year spending as defined in section 24-77-102 (17) (a), Colorado Revised Statutes, and thirty-two million four hundred forty-nine thousand three hundred forty-seven dollars (\$32,449,347) in interest earnings for the 1996-97 fiscal year in the capital construction fund pursuant to section 24-75-302 (1), Colorado Revised Statutes, which sums do not constitute state fiscal year spending as defined in section 24-77-102 (17) (b), Colorado Revised Statutes.

(e) Moneys appropriated in this section from cash funds shall constitute state fiscal year spending as defined in section 24-77-102 (17) (a), Colorado Revised Statutes. Moneys appropriated in this section from cash funds exempt do not constitute state fiscal year spending as defined in section 24-77-102 (17) (b), Colorado Revised Statutes.

(f) Moneys appropriated in this section from cash funds exempt from the controlled maintenance trust fund shall be from ten million six hundred thousand dollars (\$10,600,000) in actual interest earnings for the period January 1, 1996, through December 31, 1996.

(2) Except as otherwise specifically noted, appropriations from state funds shall be reduced by the amount of any funds received from federal, local, private, or other state sources and not appropriated in this act.

(3) Operating and maintenance costs shall be a major consideration in the design and construction of any project involving renovation.

(4) A construction project for which the lowest bid is in excess of the appropriation shall be redesigned to conform to the appropriation and may be commenced if approved under the procedures set forth in this subsection (4). The agency shall submit the redesigned project to the state buildings division of the department of administration or, for higher education projects, to the Colorado commission on higher education, which shall assure that the redesigned project meets the program needs of the agency and the necessary quality of the building. The state buildings division and the Colorado commission on higher education shall report all such analyses to the joint budget committee and to the capital development committee on a regular basis. If the redesigned project is approved by the state buildings division or the Colorado commission on higher education, the project may commence. If the redesigned project is not approved, it shall not be commenced until further action is taken by the general assembly to

reauthorize the project.

(5) Expenditures of funds appropriated for capital construction shall be in accord with section 17-24-111, Colorado Revised Statutes, which requires institutions, agencies, and departments to purchase such goods and services as are produced by the division of correctional industries from said division.

(6) **Definitions.** As used in this section:

(a) "Physical planning" includes all fees for survey and site investigation and architectural and engineering services, but no contract for architectural/engineering services shall commit the state to physical planning expenses greater than those which are provided in the appropriation. No funds appropriated for any other purpose shall be expended for physical planning.

(b) "Program plan" or "program planning" relates to a specific project or facility and shall include, but is not limited to, an inventory of amounts and types of space currently available; an analysis of amounts, types, and relative locations of space required for current programs as determined by use of accepted state space standards; an analysis of projected programs and space required; and, if a change in facilities is justified based on analysis, recommendations for demolition, remodeling, or construction, including a detailed budget which relates to a realistic timetable for implementation.

Editor's note: The following is a reprinting of the Governor's message filed with Senate Bill 97-215 when he approved the bill in part and vetoed it in part on May 27, 1997. Markings were made on the bill by the Governor purporting to veto provisions contained in headnotes and footnotes. For the reasons set forth in the letter to the Governor on page 131 of Volume 1 of the 1989 Session

Laws of Colorado, the President of the Senate and the Speaker of the House of Representatives expressed their opinion that similar markings made on the 1989 long bill did not constitute valid vetoes. However, the Colorado Supreme Court has held that such purported vetoes are entitled to a presumption of validity. See Romer v. Colorado General Assembly, 810 P.2d 215 (Colo. 1991). In view of this holding, the purported vetoes are reflected in the version of the bill printed on the preceding pages.

May 27, 1997

The Honorable Colorado Senate
Sixty-First General Assembly
First Regular Session
State Capitol
Denver, Colorado 80203

Ladies and Gentlemen:

I am filing with the Secretary of State the following act:

SENATE BILL 97-215 TO PROVIDE FOR THE EXPENSES OF THE EXECUTIVE, LEGISLATIVE, AND JUDICIAL DEPARTMENTS OF THE STATE OF COLORADO, AND OF ITS AGENCIES AND INSTITUTIONS, FOR AND DURING THE FISCAL YEAR BEGINNING JULY 1, 1997, EXCEPT AS OTHERWISE NOTED.

Approved in part and vetoed in part on May 27, 1997, at 1:24 p.m.

It is my constitutional obligation to review and exercise the line item veto to the general appropriations bill. I carefully approach this important task each year. I have approved SB 97-215 (the "1997-98 Long Bill") as a whole, however, I have used the veto power to correct several provisions. Pursuant to the Colorado Constitution I have forwarded copies of the vetoed items from this bill, with my objections, to the house of origin.

Colorado's healthy economy continues to provide the resources necessary to responsibly meet the needs of the people of Colorado. I am pleased with the increased funding provided to our public schools to meet the costs of increasing enrollment and inflationary pressures on our educational program. Our higher education system will receive increased funding to continue to provide a top quality education experience for our citizens. Funding for Welfare reform maintenance of effort is provided at 90% which is less than I requested but is more than required by federal law.

Our children must be a priority for Colorado. This budget provides additional resources directed to meeting their needs from health to education to child welfare protection. While these efforts are not as substantial as I originally proposed, they will help meet our goal to make Colorado the best place to raise a child.

While funding these critical needs and programs, this budget is prudent in maintaining sufficient reserves which will protect Colorado from future unforeseen financial problems. This deliberate and balanced approach has resulted in a responsible budget that conforms to sound financial practices and constitutional and statutory requirements.

Veto and Comment on Unconstitutional Headnotes and Footnotes

The 1997-98 Long Bill violates Articles III and V of the Colorado Constitution. It contains some items that inhibit the ability of the executive branch to administer appropriations or which constitute substantive legislation.

Article III provides for the separation of powers between the executive and legislative branches. The legislative branch has broad powers concerning the appropriation of state funds. The executive branch of government has the inherent responsibility and authority for administering the government. Therefore, the General Assembly's power does not include the ability to attach conditions in the Long Bill that intrude into the executive functions of state government. Colorado General Assembly v. Lamm, 704 P.2d 1371 (Colo. 1985); Anderson v. Lamm, 195 Colo. 437, 579 P.2d 620 (1978).

Article V, Section 32 provides that substantive legislation cannot be included in the Long Bill. The purpose of the Long Bill is to meet charges already created against the public fund by affirmative acts of the General Assembly; it may not include substantive legislation, nor may it amend or repeal a law. See Anderson.

In vetoing these provisions, I have lined through the following items:

Headnotes:

1. Section 1. Definitions, headnote (3), pages 2 and 3; "FTE", EXCEPT FOR CERTAIN POSITIONS IN HIGHER EDUCATION, MEANS THE BUDGETARY EQUIVALENT OF ONE POSITION CONTINUOUSLY FILLED FULL TIME FOR THE ENTIRE FISCAL YEAR, AND THE TOTAL FTE POSITIONS MAY COMPRISE ANY COMBINATION OF PART-TIME POSITIONS OR FULL-TIME POSITIONS PROVIDED THE MAXIMUM FTE POSITION LIMITATION IS NOT EXCEEDED....

The Colorado Supreme Court concluded in 1978 that legislative attempts to administer the appropriation by placing "specific staffing and resource allocation decisions" in a general appropriations bill were unconstitutional. Anderson v. Lamm, 195 Colo. 437, 579, P.2d 620 (1978). The Supreme Court in so doing recognized that the ability to make staffing decisions is one of the most fundamental components of managing state government. Therefore, this headnote and its references are constitutionally void.

2. Section 1. Definitions, headnote (8), page 4; "LEGAL SERVICES" MEANS THE PURCHASE OF LEGAL SERVICES FROM THE DEPARTMENT OF LAW; HOWEVER, UP TO TEN PERCENT OF THE AMOUNT APPROPRIATED FOR LEGAL SERVICES MAY INSTEAD BE EXPENDED FOR OPERATING EXPENSES, CONTRACTUAL SERVICES, AND TUITION FOR EMPLOYEE TRAINING. NO FUNDS SHALL BE EXPENDED FOR LEGAL SERVICES EXCEPT THOSE SPECIFICALLY APPROPRIATED FOR SUCH PURPOSE. THE PROVISION OF THIS SUBSECTION (8) SHALL NOT APPLY TO THE DEPARTMENTS OF EDUCATION, HIGHER EDUCATION, TRANSPORTATION, AND THE

RISK MANAGEMENT FUND IN THE DEPARTMENT OF PERSONNEL.

Legal services expenditures are not discretionary in protecting the interest of the state and its citizens. Limiting the departments' ability to expend funds for these services would result in ineffective administration of the government. However, I recognize the need to contain state expenditures for legal services. I will instruct departments to use all necessary restraint in legal service expenditures and to provide an accurate annual accounting of all legal expenditures to the Joint Budget Committee.

3. Section 1. Definitions, headnote (15) pages 5 and 6; "VEHICLE LEASE PAYMENTS" MEANS THE ANNUAL PAYMENTS TO THE DEPARTMENT OF PERSONNEL FOR THE COST OF ADMINISTRATION, REPAYMENT OF A LOAN FROM THE STATE TREASURY, AND LEASE-PURCHASE PAYMENTS FOR NEW AND REPLACEMENT VEHICLES. NO FUNDS SHALL BE EXPENDED FOR VEHICLE LEASE PAYMENTS EXCEPT THOSE SPECIFICALLY APPROPRIATED FOR SUCH PURPOSES. THE PROVISIONS OF THIS SUBSECTION (15) SHALL NOT APPLY TO THE DEPARTMENTS OF EDUCATION, HIGHER EDUCATION AND TRANSPORTATION.

My actions on this headnote are for the same reasons specified in the statement related to headnote (3) regarding management prerogatives and needed flexibility to operate state government programs. However, I will instruct departments to limit the leasing of new or replacement vehicles and to provide information on any variation from the available appropriated funds.

4. Section 1. Definitions, headnote (16) page 6; WHERE NO PURPOSE IS SPECIFIED OR WHERE A SPECIAL PROGRAM IS SPECIFIED, THE APPROPRIATION SHALL BE FOR CONTRACTUAL SERVICES, TUITION, AND OPERATING EXPENSES AND, ONLY IF THE APPROPRIATION INCLUDES A SPECIFIED FTE LIMITATION, FOR PERSONAL SERVICES OTHER THAN CONTRACTUAL SERVICES....

My actions on this headnote are for the same reasons specified in the statement related to headnote (3) regarding management prerogatives and needed flexibility to operate state government programs.

5. Section 1. Definitions, headnote (18) page 6; WHEN IT IS NOT FEASIBLE, DUE TO THE FORMAT OF THIS ACT, TO SET FORTH FULLY IN THE LINE ITEM DESCRIPTION THE PURPOSE OF AN ITEM OF APPROPRIATION OR A CONDITION OR LIMITATION ON THE ITEM OF APPROPRIATION, THE FOOTNOTES AT THE END OF EACH SECTION OF THIS ACT REFER TO PROVISIONS WHICH SET FORTH SUCH PURPOSES, CONDITIONS, OR LIMITATIONS, AND SUCH PROVISIONS ARE THEREFORE INTENDED TO BE BINDING PORTIONS OF THE ITEMS OF APPROPRIATION TO WHICH THEY RELATE....

This headnote indicates that footnotes refer to provisions which set forth purpose, conditions, or limitations regarding the appropriation and states that provisions are therefore intended to be "binding portions" of the items of appropriations to which they relate. I will consider footnotes to be advisory if the footnote is constitutionally valid.

Footnotes:

1. Footnote 2, pages, 14, 26, 32, 38, 45, 58, 81, 82, 97, 105, 111, 113, 123, 127, 140, 154, 174, 187, 196, 205, 209, 214, and 218, ALL DEPARTMENTS, TOTALS:

This footnote violates the separation of powers in that it is attached to federal funds which are not subject to legislative appropriation. Placing information requirements on such funds could constitute substantive legislation in the general appropriations bill.

2. Footnote 4, pages 14, 26, 32, 33, 38, 46, 58, 59, 82, 97, 105, 111, 114, 123, 127, 140, 154, 174, 187, 196, 197, 205, 209, 210, 214, and 218, ALL DEPARTMENTS TOTALS:

This footnote violates the separation of powers by attempting, through a report, to administer the appropriation and affect the spending patterns of state departments. I will instruct the departments to provide total travel expenditures on both in-state and out-of-state travel to the Joint Budget Committee, as we have in the past.

3. Footnote 7, pages 27, 46, 82, 188, DEPARTMENT OF CORRECTIONS, MANAGEMENT, JAIL BACKLOG SUBPROGRAM, PAYMENTS TO HOUSE STATE PRISONERS IN LOCAL JAILS, AND PAYMENTS TO HOUSE STATE PRISONERS IN PRIVATE FACILITIES; DEPARTMENT OF HEALTH CARE POLICY AND FINANCING, MEDICAL PROGRAMS, AND OTHER MEDICAL SERVICES, HOME CARE ALLOWANCE, ADULT FOSTER CARE; DEPARTMENT OF HUMAN SERVICES, MISCELLANEOUS COMMUNITY PROGRAM LINES; AND DEPARTMENT OF PUBLIC SAFETY, DIVISION OF CRIMINAL JUSTICE, COMMUNITY CORRECTIONS:

This footnote violates the separation of powers by attempting to administer the appropriation. The footnote also constitutes substantive legislation in the general appropriations bill.

4. Footnote 8, pages 27, 46, 82, 188, DEPARTMENT OF CORRECTIONS, MANAGEMENT JAIL BACKLOG SUBPROGRAM, PAYMENTS OT HOUSE STATE PRISONERS IN LOCAL JAILS, AND PAYMENTS TO HOUSE STATE PRISONERS IN PRIVATE FACILITIES; DEPARTMENT OF HEALTH CARE AND POLICY AND FINANCING, MEDICAL PROGRAMS, AND OTHER MEDICAL SERVICES, HOME CARE ALLOWANCE, ADULT FOSTER CARE, DEPARTMENT OF HUMAN SERVICES, MISCELLANEOUS COMMUNITY PROGRAM LINES, AND DEPARTMENT

OF PUBLIC SAFETY, DIVISION OF CRIMINAL JUSTICE, COMMUNITY CORRECTIONS.

This footnote violates the separation of powers by attempting to administer the appropriation. The footnote also constitutes substantive legislation in the general appropriations bill. The departments also indicate that providers have not been cooperative in providing the information when requested by the departments.

5. Footnote 10, page 27, DEPARTMENT OF CORRECTIONS, MANAGEMENT, JAIL BACKLOG SUBPROGRAM, PAYMENTS TO HOUSE STATE PRISONERS IN STATE FACILITIES:

The pre-parole facility statutory authorization was repealed by the General Assembly, therefore, the department cannot contract with any such facility or provider.

6. Footnote 11, page 27, DEPARTMENT OF CORRECTIONS, MANAGEMENT, JAIL BACKLOG SUBPROGRAMS, PAYMENTS TO HOUSE STATE PRISONERS IN PRIVATE FACILITIES:

This footnote violates the separation of powers by attempting to administer the appropriation. The footnote also constitutes substantive legislation in the general appropriations bill.

7. Footnote 13, page 28, DEPARTMENT OF CORRECTIONS, SUPPORT SERVICES, FACILITIES SERVICES SUBPROGRAM:

This footnote violates the separation of powers by attempting to administer the appropriation.

8. Footnote 16, page 28, DEPARTMENT OF CORRECTIONS, SUPPORT SERVICES, FACILITIES SERVICES SUBPROGRAM:

The issue of targeting provider rate increases is one that has faced both the Executive and Legislative Branches for some time related to annual increase decisions. The effort called for in this footnote would require a substantial dedication of limited resources. OSPB and the Governor's Office will commit, however, to working with JBC staff to at least address some of the most critical provider rate programs for targeting increases in the future.

14. Footnote 36, page 46, DEPARTMENT OF HEALTH CARE POLICY AND FINANCING, MEDICAL PROGRAMS, ADMINISTRATION:

The department is unable to comply with this reporting requirement in that program expenditures are not collected by cost component. Establishing new reporting requirements would place an administrative burden on both the department and the providers.

The department will discuss this issue with the JBC at supplemental time.

28. Footnote 170, page 197, DEPARTMENT OF REGULATORY AGENCIES, DIVISION OF REGISTRATIONS, PERSONAL SERVICES:

This footnote violates the separation of powers by attempting to administer the appropriation. The efficiency and effectiveness of the electrical and plumbing inspectors is important to this administration. I will direct the Division to examine efficiency options and possible statutory changes which will maximize the use of these inspectors and report their findings in the November 1, 1997 budget submission for fiscal year 1998-99.

The actions I am taking are based upon legal opinions and court decisions regarding inclusions in the general appropriations bill. I would ask the General Assembly once again to adhere to its constitutional responsibilities.

Sincerely,

Roy Romer
Governor
